

# Other Products

In addition to the specific product families, you may add the following products to your reseller business product line:

- Online File Folder – Secure online storage.
- Fax Thru Email™ – E-fax service.
- Online Group Calendar – Online information management tool.

## Online File Folder

### Product Overview

Online File Folder is a safe and convenient solution for file backup, storage and sharing of files and other content. Password protection keeps stored content safe from tampering. Online File Folder is seamlessly integrated with our Web-Based Email e-mail client, making password-secured access quick and easy.

### Customer Benefits

- Stores mission-critical data in a secure, easily-accessible online location.
- Password protection protect the integrity of stored documents.
- Intuitive integration with Web-Based Email.

### How it Works

Online File Folder account access and management is accomplished through seamless integration with Web-Based Email.

## Fax Thru Email™

### Product Overview

Fax Thru Email™ provides a quick and affordable means of sending and receiving faxes through any U.S.- or Canada-based Internet connection. Fax Thru Email uses electronic mail to send and receive faxes: To send a fax via Fax Thru Email, the user simply composes the content and attaches it to an e-mail message. Incoming faxes arrive in the user's e-mail inbox, converted into printable PDF format.

### Customer Benefits

- Several plans available – up to 400 minutes/month. Add-on packs available in 100-minute increments.
- Available with local (Phoenix, AZ) or toll-free fax number.
- Incoming faxes conveniently arrive in user's e-mail inbox.

### How it Works

Fax Thru Email provides an intuitive interface for composing, sending and receiving faxes via any US- or Canada-based Internet connection.
